

PostDoc position at LQMEC

University of São Paulo - IFUSP

Post-Doc position (12 months – with the possibility to renew for 12 months) at the Laboratory for Quantum Matter under Extreme Conditions (LQMEC.com) under the supervision of Prof. Valentina Martelli, leader of a Max Planck Tandem Research group financed by FAPESP (2018/19420-3).

Project: Exotic phonon transport regimes in complex oxides

Profile: experience in experimental condensed matter, previous experience with development of home-made experimental setup, experience with low temperature techniques.

To apply, send to: valentina.martelli@usp.br

- 1) CV
- 2) Motivational letter
- 3) Two contacts of reference

This opportunity is open to candidates of any nationality. The selected candidate will receive a fellowship according to the USP-public call (https://prpi.usp.br/wp-content/uploads/sites/649/2022/08/Edital-PRPI-Jovens-Pesquisadores-FAPESP_site.pdf).

Deadline for applications: 01/11/2022

Interviews: 02-8/11/2022

Communication of the result of the process: 11/11/2022

Fellowship start day: 1/12/2022

Contact: Prof. Valentina Martelli, valentina.Martelli@usp.br
